DINOCRATES HAS PLANS UNDER WAY

Thirteenth Annual Convention
Dates Are Tentatively Set
For Dec. 30-31, 1927

Dinocrates Chapter of Alpha Rho Chi let no grass grow under their feet this fall. No sooner had school opened than the chapter started work on plans for the Thirteenth Annual Convention to be held this time at Austin, the seat of the University of Texas.

Delegates at the last convention at Manhattan, under the auspices of Paconios, well remember Bro. Carl R. Olson, the tall good looking chap from the Lone Star state who promised to do things for us at Texas "when we entertain the next convention." Carl seems to have obtained action, first of all the tentative dates are set for Friday and Saturday, December 30-31, 1927.

The latest word from Brother Olson, the Dinocrates W. A., is to the effect that tradition will be observed socially at the convention with the dinner dance on Friday evening and the annual stag banquet Saturday night, when good fellows will get together as of yore. In connection with these two events, he advises that they will both be formal affairs, therefore delegates bring a tuxedo with you. If you do not own one, borrow one from a more fortunate brother. Further, chapter delegates, as soon as you have your appointment write to Carl and advise him of your height, preference as to eyes and color of hair, so that he may as nearly as possible fill your requirements as to dancing partners.

Tourist Rates Available

For the stag banquet the Texas W. A. advises that they are lining up a good program with the prospects of having Malcom G. Simons, Iktinos '14, one of the charter members of that chapter, now a resident of San Antonio, and Jos. J. Paterson, Anthemios '17, now of Fort Worth, as speakers as well as the W. G. A., Bro. D. P. Ely, Demetrios '15.

It will probably be of interest to the delegates to know that there are all-winter tourist rates on from northern points to San Antonio which Olson thinks should save the convention quite a little expense. He writes: "The city agent here has consented to validate all tickets so that you may get off here at Austin and not have to go on to San

Chapter correspondents are under standing instructions that chapter news is due in the editor's hands on or before the 12th of the month of publication unless otherwise advised. When news from your chapter is missing it means that your chapter has not sent news to the editor.

ANTHEMIOS—ILLINOIS

"Archi Reporter", Correspondent

Anthemios Chapter has embarked on what seems to be the crucial year of its existence. We have long wanted a new home, and now it seems as though our desires are to be fulfilled. The active chapter agreed on the financing plan proposed by the Alumni, and actual construction will begin during the first week of October. We hope to be in it by the middle of February, or the first of March.

Our pledging this year came out very successful. We had nine pledges before

Antonio to have that done." Buy your tourist rate ticket to San Antonio, but get off at Austin.

"Speaking of San Antonio reminds me that we are planning on an auto trip from Austin to San Antonio Sunday morning following the convention which we feel will be of interest to all the delegates and visitors. San Antonio is one of the largest cities of Texas and most typical of the romantic history of the Lone Star state and the picturesque architecture of the Mexicans. The trip will include a tour of Little Mexico probably and a dinner at a typical Mexican cafe which should be quite a novelty to the northern fellows."

Chapters, prepare to elect your delegate and discuss such matters as you want to have him present to the convention. Bear in mind that the term of Bro. Harold R. Peterson, Mnesicles '18, expires as W. G. S. at this convention. Watch for the official call for the convention from the pen of the W. G. A. in the next issue of *The Archi* which follow this issue in shorter time than usual.

school opened with a large number of prospects to work on in the next two weeks. Twenty of the old men came back. Brothers Patterson, Wallingford and Hertzberg being the only ones not to report.

This year we hope to get into activities a little more than heretofore. We already have men out for Varsity fencing, Freshmen fencing, Freshmen tennis, Varsity wrestling, a team out for Playground baseball, five men on the Glee Club, and hope to enter men in Intermural Basketball, Wrestling, Tennis and Boxing before the year is out.

In fact it looks like we are going to have our hands full, but if you happen to come through we will have plenty of time to welcome you, feed you, and talk to you. Remember now, we will be looking for you whenever you get within fifty miles of here, so don't disappoint us.

MNESICLES—MINNESOTA

"Unsigned", Correspondent

Jack Grisdale has transferred to Pennsylvania, where he should provide some good competition. We expect great things from Jack at Penn.

Prospects look good for garnering some cups this year. With the exception of Bro. Flegal we have a veteran bowling team. We are also entered in tennis, volleyball and handball.

The entire chapter has shown that it is backing the football team by joining the Rooters Squad. You'll see them at the games.

An informal party was held at the chapter house the first week of school. Everyone had a good time and the music was hot.

At the beginning of school we have 26 actives and two pledges. Twenty men are living in the house. A portion of the attic is being finished to serve as a dormitory.

Bro. Redding of Theron chapter was one of the members of the Oklahoma A. and M. football team that played Minnesota on October 8th. After the

600 Chamber of Commerce Bldg.,
St. Paul, Minn.

Published Monthly During the College Year By The Minnesota Alumni Chapter of
THE ALPHA RHO CHI ARCHITECTURAL FRATERNITY

Entered as second-class mail matter October 23, 1923, at the post office at St. Paul, Minnesota, under the Act of March 3, 1879.

SUBSCRIPTIONS:

Life subscriptions ten dollars. Annual subscriptions two dollars per year in advance.

THE ARCHI BOARD

Frank S. Moorman, George F. Poulsen and Harold R. Peterson, W. G. S.

THE ARCHI STAFF

Horace W. Tousley, Managing Editor - - - - - 2627 Hillcrest Ave., Alton, Ill.
Paul E. Nystrom, Business Manager - - - - - 336 Norris Court, Madison, Wis.
Frank S. Moorman, Circulation - - - - - 600 Chamber of Commerce Bldg., St. Paul, Minn.

game we had the pleasure of a short visit with him at the chapter house.

Several of the fellows have promised to "obey" during the past summer. Bob Gullette and Miss Mildred Pincoe were married recently. Shortly after school was out Ai Flegal and Miss Margaret Bopp were married. They are living in Milwaukee.

"Bill" Edwards and Miss Inez Jones spoke their vows at Lake Crystal, Minn., while "Bill" Ingemann and Miss Dorothy Brink have entered into a life partnership at St. Paul. The fellows at the house are a little low on cigars, boys.

KALLIKRATES—VIRGINIA

L. L. Scribner, Correspondent

Virginia is looking forward to a very successful year under the leadership of Dean Edmund S. Campbell, past Dean of the Beaux-Art Institute of Design. This is Dean Campbell's first year at Virginia as head of the Architectural school.

Prof. and Bro. A. Lawrence Kocher, Dean of last year, has accepted the position as Editor of the Architectural Record.

There was a great advancement made in the number of mentions and medals won in the Beaux Art competitions last year. Although Virginia has lost some of her best men, she is looking forward to a still greater advancement this year.

Brother Marshall Wells, '25, is back in school to finish his Beaux-Art work. Also, Brother Lucian Dent, '24, is here. We hope that these men will find it possible to take an active part in the chapter.

On the night of October 4th Kallikrates gave a smoker to the school; this was a get-together party for the old and new men. Dean Campbell spoke about some of his experiences in the field of Architecture.

ANDRONICUS—U. S. C.

Harold I. Glaseo, Correspondent

The opening of the new semester under the leadership of Brother Hageman finds Andronicus chapter looking forward to one of the most successful years of its existence.

A dance held at Sierra Madre Masonic Temple, October 8th, in honor of the new pledges, formally opened our social calendar. And, by the way, guys, we have ten of the world's best prospects for the future chapter.

Some of our brothers missed the good time at the dance, but equipped themselves for the two and one-half mile marathon race, which occurred the following day. They were Brother Denny, Brother Pratt, and Pledge Bro. Buchanan; each received medals for their gruesome task.

Brother "Chris" Choate carried away the first place in the sophomore sketch problem, also to be followed by three other brothers who placed.

Two of our pledges were fortunate enough to be elected class presidents in the Colleges of Architecture. They were Pledge Brother Stevens, president of the freshman class, and Pledge Bro. James, president of the sophomore class.

Brother "Al" Mendel is at present a high powered salesman in the Wrought Iron Industry, with a possibility of becoming its future president in 19..... The seventeenth of September, "Al" married Bernice Bowman, a pretty Alpha Chi Omega girl. They are now living in Hollywood.

Andronicus Chapter has been fortunate in having two of our brothers selected for the sophomore honorary society, The Trojan Squires. They were, Brothers Jenny and Pratt. Bro. Denny has been chosen as the Trojan Knight for the College of Architecture.

Brother Thomas is now the holder of

the world's broadbill swordfish champion on regulator tackle. The length from the tip of the sword to the spread of the bill was twelve feet and ten inches, weighing 573 pounds.

Brother "Fat" Crawford gave us a few days visit, the beginning of this semester, and also Brother "Willie" Wyre is back with us this semester at the College of Architecture.

Dean Weatherhead, from the College of Architecture, headed an excursion trip over Europe last summer, and it was a huge success. Brother Ross Allison was also in Europe.

DINOCRATES—TEXAS

Mike Mebane, Correspondent

Alpha Rho Chi led in the scholastic averages among all the fraternities and sororities on the campus for the past year. The grades of the pledges ranked fourth in the pledge average.

Dinocrates is now residing in its new house at 705 W. 24th St., and through the strained financial efforts of the fraternity, we have been able to furnish the house to a fair degree of success.

A new university ruling permitting pledges to live in the house has swelled our ranks to fourteen. We hope to have at least sixteen staying at the house for the second semester.

Young blood is being introduced into the Architectural faculty Bro. Chester C. Wright '24, taking control over the engineers, and Kindred McLeary '25 assisting the fine arts. Both of these men have had practical experience in their lines, and much is expected of them toward improving the standard of the department.

Dr. Frederick A. Giesecke, honorary member, and head of the department last year, is now conducting his research work at Texas A. & M.

With six eligible pledges, we hope to initiate at least four men, and thus more than fill the vacancies left by Brothers Law and Mills, who received their degrees last June. By the way, Bro. Mills is now with C. H. Bulger, Architect, at Dallas, Texas.

George Harker '26 is a frequent weekend visitor from San Antonio, where he is "head man" for Ralph Cameron. We all have a feeling that Bro. Harker's visits to the friendly city will make him the "head man" in an entirely different type of show, however.

Bro. Hennessey, Mnesicles, and Baxter, also from Minnesota, dropped in for a short while the other evening. They have been in Tampa, Fla., for three years and are en route to "Sunny" California.

The entire chapter is looking forward and making preparations for the coming convention.

THERON—OKLAHOMA A. & M.

D. T. Tinkham, Correspondent

Theron, although handicapped by the loss of seven members, started off with a bang this year. Thanks to our rush committee we have eight new pledges and several more are expected soon.

Although our chapter is only one year old, we paid our first payment on our house this month. Our W. A. Harold Redding acted as construction foreman when we remodeled our house this summer. Our living and dining rooms were converted into one spacious living room. We now have a living room that can

compare with any on the campus. With the addition of a new long dining room, we have a house that will serve us many moons.

We are glad to have Prof. Donald H. Hamilton of the Carnegie Tech. with us as a faculty member.

Brother Redding, our W. A., is on a football trip to meet U. of Washington and U. of Minnesota.

We received an announcement of the marriage of Bro. E. T. Bossard to Miss Elsie Dee Hester. We are anxiously awaiting the "seegars."

Bro. Guy Sumner announced his engagement to Miss Leona Graig. He paid off promptly with cigars and candy.

From The Editor's Mail Box

Wherein We Recount Things and Thoughts
Which Come To Our Attention.

While not an Arochi man, Mnesicles men will be interested to learn that "Jerry" Kronick, Minnesota '26, won the 27th annual Foreign Travelling scholarship of the Chicago Architectural Sketch club. Among others Gerald gives credit to Brothers Leon Arnal and Ralph Hammett, Mnesicles, for his success.

Speaking of Hammett, while in Chicago this summer enroute to Alton from St. Paul, we called upon "Ham" and had a very pleasant few minutes conversation with him in the office of Hall, Lawrence & Ratcliff. The old boy must stand pretty good with his people, for his name is etched on the front door, and we understand from others that he is chief designer.

It was while we were in Chi that we called at the old office of the late Francis E. (Pewee) Dunlap, Anth. '16. As was pointed out at he time of his very untimely death he and Geo. L. Lindeberg, Anth. '18, had but a short time before Bro. Dunlap's death formed a partnership for the practice of architecture.

Ham Takes the Bacon

While there we had the pleasure of a noon-time visit and lunch with George, and in the conversation he told me something about Hammett and the real hit he is making in the Windy City, doing things others never have. Perhaps the thing that made the biggest hit took place last January, but Chi is still talking about it.

Dean G. H. Edgell of Harvard School of Architecture was due in Chicago. Ralph had done his graduate work under him and knew he had a message for the young men of the profession so lined up a six o'clock dinner at the Art Institute and invited the men of the profession in the name of the Chicago Sketch Club, and the Alpha Rho Chi, and Scarab

Architectural fraternities. According to Bro. Lindeberg the affair was the first of its kind, sponsored by the younger generation, rather than the A. I. A. or one of the older organizations. And it was a success.

The next time "Ham" did himself proud was in June when he entertained the entire Chicago Alumni chapter at his domicile. Reports are that the affair was not only "different" but also satisfying.

Another O'Donnell Article

But to get back to *Pencil Points*, the August issue carried the fourth of Tommy O'Donnell's articles on the Ricker Manuscript translations. Look it up if you didn't read it, especially you Anthemios men.

Other APX men are making good. Witness a letter from Frank Moorman, our circulation manager who says: "Several weeks ago I was in Milwaukee on business and while there went out to dinner with Papenthien and Walt Kendall. Later saw Tony Johnson and Bob Potter (Mnesicles alums) Herman Frenzel is also in Milwaukee, but I didn't get to see him.

"Walt" took me around to see several theaters he has designed and, believe me, he has Rapp & Rapp on the run. Walt is turning out to be a real designer and is really making a hit in Milwaukee. If he doesn't make a name for himself I miss my guess.

Brothers Pictures Published

All of the APXers are doing well, and it was gratifying to see them all again. By the way, Al Jansma is also going fine. He took me to a show my last night here. He is designing some big apartment buildings and having a lot of fun doing it.

When we picked up the October issue of *Pencil Points* we were pleased to see the likeness of Bro. Milton S. Osborne, Demetrios '23, look out at us from page 633. Milt by the way has been awarded a fellowship at Columbia for the current academic year 1927-28. To enable him to take advantage of this fellowship in architecture at the institution where he did his master's work, Brother Osborne has been granted leave of absence as Associate Professor of Architecture from Alabama Polytechnic Institute. The old boy is also a member of the A. I. A., Tau Beta Pi and Tau Sigma Delta.

And then just as were getting this copy ready for the mail the *Pencil Point* November issue came to our hands. This time it was the face of an Iktinos brother which peeped from the pages as well as sketched. Bro. Leroy E. Keifer, '25, winner of the Booth Traveling Fellowship in Architecture from Michigan. While abroad "Lucy" studied and traveled in France, Italy, Austria, Germany and England.

Rube Back From Abroad

In the same issue we note the announcements of two Iktinos brothers, Robert W. Ainsworth, '22, architect, and Richard W. Ware, '20, structural engineer, who are opening offices for practice at 314 Braley Bldg., 35 S. Raymond Ave., Pasadena, Calif.

But to get back to the letters that come to us. Here is one from the Chicago Alumni association chronicalling a meeting on Sept. 28th at the Hamilton club, at which time R. J. Pfeifer, Anthemios '24, would speak on his recent experiences and impressions of Europe. "Rube" is now working in Chi, they say.

A short message from the circulation manager announced the election of new officers of the Mnesicles Alumni association, Oct. 21, as follows: Geo. Freeberg, President; J. Gordon Clark, Vice President; Everett Peterson, Secretary, and Chester Dock, Treasurer. About fifty men were in attendance at the annual gettogether, Frank advised.

The last we heard from Ted Wright, Iktinos Ex '27, was as follows: "At present there are two other APX men in this office of Warren Holmes-Powers Co. They are Bro. Oscar Wild, '26, and Jim Stewart, Ex '27. Wild, better known as "Oc", does all of the structural designing, while "Jim" is the full sizer "Oc" as you may know was married last year to Laura Corson of Ann Arbor and they now live at Eaton Rapids. Stewart and myself are the only single ones in the gang. Bro. Tom Tanner, formerly chief draftsman at this office, drove in from New Castle, Pa., to call on the force recently. Tanner is an Anthemios grad."

—the fellows whose names are listed below? Mail addressed to them has been returned by postal authorities. Their last known address is given below. Do you know a better one? If so advise the Managing Editor.
