

THE ARCHI
OF ALPHA RHO CHI

Vol. XVIII

April 1937

No 4

Official Exoteric Publication of Alpha Rho Chi Fraternity

MEMBER OF PROFESSIONAL INTERFRATERNITY CONFERENCE

Alpha Rho Chi fraternity was founded at the Universities of Illinois and Michigan on April 11, 1914. It is a social undergraduate fraternity limiting its membership to students of architecture, architectural engineering, landscape architecture, or the allied arts, enrolled in the departments leading to a bachelor's degree. The name Alpha Rho Chi is derived from the first five letters in Architecture. The title of the magazine is derived from the same source.

What Does Society Ask of the Architect?

For Your Solution the Grand Council Offers Two Cash Prizes

THE student of today is the practitioner of tomorrow and abiding by Alpha Rho Chi's established policy of operating to aid and reinforce the study of Architecture, can we not under this policy devise means to help the student and the young architect to better prepare himself to practice?

Would it not be an advantage to our younger members if we could investigate more carefully what the public asks of an architect? When the potential builder employs the architect what, exactly, does he expect to get for his fee? If our Fraternity had an exact and discriminating answer to this question would we not have something which would be valuable to the profession with which we are connected and would we not have something which could be incorporated in our national policy so that Alpha Rho Chi could more nearly realize its ideals of assistance to the student of Architecture and to the profession?

In order to give this idea impetus the Grand Council is offering to our membership two prizes of \$25.00 each, one available to active members and the other available to members no longer active. These prizes will be awarded in each case for the best paper or report based on the question, "What does society ask of the architect?" The committee to make the award will consist of W. A. Taylor, New York; T. J. Strong, Urbana; and Graham Latta, Los Angeles.

Entries should be sent to the office of the W. G. A. not later than September 1. Papers submitted should not exceed 1000 words.

Faculty Sponsors Alumni Visitors' Committee

THE faculties of the Departments of Architecture and of Landscape Architecture at Ohio State University invited an alumni visitors' committee to confer and advise with them on matters pertaining to educational objectives in the teaching of the two departments. This meeting was held on June 12, 1937 and of particular interest to the fraternity is the fact that a majority of the members attending the meeting were alumni of the fraternity, many traveling long distances to attend. The fraternity members attending the meeting were: C. D. Badgeley, W. F. Breidenbach, C. R. Dole, J. P. Garwick, C. McGurer, M. S. Osborne, H. F. Reichard, F. Scott, W. A. Taylor and P. L. Wood.

At this meeting it was announced that the Landscape Department is joined with the Department of Architecture to function in the future under the title of Department of Architecture and Landscape Architecture.

Mooching

DON'T be a "moocher", in Champaign or anywhere else. Just because you are an alumnus now don't think it is proper to come back and eat and sleep and bring a dozen friends along too—and then not offer something to the actives to pay for your keep. During the middle of the depression there may have been some excuse for it, but now ALL alumni are working and can afford it. The actives delight to have you return and chat with them and think nothing of a few free meals, but too much cannot be tolerated.

from *The Anthem*

THE ARCHI of Alpha Rho Chi is printed by George Banta Publishing Company, 450 Ahnapp Street, Menasha, Wisconsin; and is published five times during the college year, in October, December, February, April and June.

Entered as second class matter October 23, 1923, at the post office at St. Paul, Minnesota, under the Act of March 3, 1879, with additional entry at Menasha, Wisconsin. All men initiated into the fraternity automatically become life subscribers to THE ARCHI. Life subscriptions are \$15.00. Annual subscriptions are \$2.00. Address all communications regarding publications to the Managing Editor, 198 W. Pacemont Rd., Columbus, Ohio.

Archi Medal 1937 Awards

Leadership—Service—Merit

THE Alpha Rho Chi Medal is awarded to the graduating senior of each school of architecture who has shown an ability for leadership, performed willing service for his school and department, and gives promise of real professional merit through his attitude and personality.

The student is selected annually from the graduating class in architecture by the members of the Department faculty. Upon recommendation of the faculty to the Grand Council of the fraternity, the medal is delivered for presentation at commencement. Verle L. Annis, W. G. S., in charge of distribution of the Medal, announces the following winners of the Alpha Rho Chi Medal 1937:

| | | | |
|------------------------|------------------|-------------------------|--------------------------|
| Phillip C. Haughey | Michigan | Robert Bush Little | Illinois |
| James Bennett Hughes | Carnegie Tech | Jose Ignacio Gnecco | California |
| George R. Johnson | Texas | Keith Bernard Underwood | Kansas State |
| Charles H. Warner, Jr. | Columbia | Eugene B. Gamble | Oklahoma A. & M. College |
| David L. Allebach | Penn State | George Lewis Tilley | Ohio State |

Mnesicles Wins Professional Championship

By MAURICE B. McGRANN

PROBABLY the outstanding achievement as far as the active chapter is concerned was the initiation of six new actives. They are all fine fellows and are leading the field in their design class. Also we have six pledges who will probably be initiated before the school year ends.

Mnesicles won the most coveted award in athletics that the University offers to professional fraternities, the professional basketball championship of the University of Minnesota. After a strenuous elimination tournament in which twenty-four teams took part, Mnesicles emerged victorious. The center and backbone of the team was six-foot six Robb Kremer. Robb learned his basketball in a rough and tough way out there in the wilds about Great Falls, Montana. He played brilliantly in every game, and it was his leadership which carried the team through. The forward positions were taken care of by a couple of Milwaukee flashes, Chuck Wiley and Fritz Roth, and an equally flashy young gentleman from Minneapolis, Clint Hegg. These boys had the opponents' hair on end most of the time. Three South Dakota lads, Wilmsen, Rogness and McGrann, handled the guard positions. Wilmsen not only held his man to low scores in all games, but he contributed a great many points to our total. As if winning the championship were not enough, Alpha Rho Chi gained further distinction when Wilmsen was chosen as a member of the All-University basketball team, and Kramer, Wiley and McGrann received honorable mention.

To add further to our laurels, Marv Johnson, Fritz Roth, Gunar Lie, and Al Arneson showed their heels to the field and won the winter track relays. We expect to see these boys come through in the spring meet.

Honors to Andronicus Men

By JAMES RICE

THE close of the school year at the University of Southern California was marked by the honors banquet of the College of Architecture. Andronicus men receiving awards included Lee Kline, retiring president of the College of Architecture, who was presented with the A.I.A. Medal; and Denver Markwith, a graduating senior, who received the book, *Mont St. Michel and Chartres*, as an A.I.A. award. Bob McClaim, the past Worthy Architect of Andronicus, was installed as the new Student Body President of the College of Architecture.

The summer graduating class of the College included the following Andronicus men: Norman Entwistle, Lee Kline, Denver Markwith, Carl Mastapietro, and Clyde Schelberg.

The short spring rushing campaign was climaxed a few weeks before the close of school by the Rush Smoker. There was a large turnout from high schools and junior colleges. The guests were entertained at the house and then shown through the College of Architecture buildings.

The Crescent Chapter Honors Founders

SATURDAY, April 24, 1937, the Demetrios alumni, active members and recent initiates gathered, fifty-five strong, at the Hotel Virginia, Columbus, Ohio, to honor the founders of Alpha Rho Chi. This gathering marked the sixteenth consecutive year the Founders' Day Banquet was held by the Demetrios alumni.

Father Sullivan, chaplain of the Ohio State Penitentiary, was chief speaker of the evening. Galen F. Oman, '20, served as toastmaster. Dwight P. Ely, W.G.A.; John F. Kennedy, '21; and William A. Stowe, '27, were listed on the speaking program.

Out-of-town men attending the banquet were: W. H. Adrian, '31; D. D. Bolinger, '20; T. C. B. Cook, '33; J. P. Garwick, '30; J. F. Kennedy, '21; J. T. Koch, w'30; C. E. Kuck, '27; E. C. Schramm, '36; and M. D. Walters, '34.

We Thank Our Alumni

By MAURICE B. McGRANN

MNESICLES has not been slack on the social activities. We held two informal parties and also an alumni banquet on Homecoming Day. It was a dandy, and old timers from 'way back were there.

Our annual Bowery party was held on February 13. We hope that we shall be able to attain such heights again but such does not seem possible. Roth and his staff succeeded in creating a "gas house and winegar works" atmosphere that would have made Steve Brody himself cry of by-gone days. All guests came dressed in bowery regalia.

Before closing, a word of appreciation. If Mnesicles has nothing else to be proud of, we do have one thing which we all prize. That is our alumni chapter. This organization, led by "Waddy" Wadsworth, has been our guardian angel through thick and thin. As there are no active members in Mnesicles who have been active for more than two years, we do not have the background we should like to have. Whenever we have needed a few prods to keep us moving or a word of advice, our alumni have always been on the job. We look up to them and want them to know that whatever good fortune Mnesicles may enjoy in the future will be of their doing as much as ours.

Chicago Headquarters

THE Chicago Alumni Chapter held its regular meeting on May 6 at the Lawson Y.M.C.A., with twenty-two members representing five chapters present. Committees were appointed to assemble data on all high school grads who intend to go to universities where active chapters are, and to forward this data to the active chapters. Scribe Koenig asks that all Archi men make his office their headquarters when in Chicago. The address is Sprout & Koenig, Inc., General Contractors, Builders Bldg., Chicago, Illinois.

"The Anthem"

Anthemios Alumni Publish Chapter Magazine

THE third chapter magazine appeared in late April this year. *The Anthem* is published by the Anthemios Chapter, Alpha Rho Chi Alumni Association, with offices at 9705 W. Main St., Belleville, Illinois. Volume I, Nos. 1 and 2 were an excellent start, having a pleasing appearance, and containing full university and chapter news. The Anthemios alumni are all looking forward to regular schedule of this fine chapter publication.

The other two chapters publishing chapter news are: the Andronicus alumni, who publish regularly *The Astonisher*; and the Demetrios alumni who publish at lengthy intervals *The Crescent*.

We quote from *The Anthem*:

"The class of '33 really seems to get together. Last Sunday William Anderson, Jim Moorhead, William Faris and Harry Kincaid all gathered at the home of Joe Schuyler, who just recently moved to Ferguson, Missouri, to make his love-nest with his new bride.

"Joe Schuyler, '33, was married to Jean Lemon on March 6. They are at home at 15 N. Dade, Ferguson, Missouri. Joe is designing airplanes for Curtiss-Wright.

"Harry B. Tour is the first Mayor of Norris, Tennessee.

"Events Hallowed

"Alan LeRoy to Mr. and Mrs. Ken Smith, '35, in January, 1937.

"Davy to Mr. and Mrs. Willard Stevenson, '35, January 5, 1937.

"Bereavement

"Prof. T. E. O'Donnell, '13, (charter) lost his son, David, in an explosion in Urbana on April 4. The sympathy of all brothers goes out to Brother O'Donnell and Family.

"Another beautiful trophy was added to the house's collection as it came through with another first place. This time it was for designing a float (or perhaps it was picking female beauty). On March 2 the University of Illinois, as part of its Founders' Day celebration, offered a trophy for the float which best symbolized the standards of the university. The APX float was a living model of Lorado Taft's 'Alma Mater' (by the Auditorium in case you have forgotten). A picture of the float appears on page 13 of the April issue of *Illinois Alumni News*.

"Three men were initiated on April 17 and the Initiation-Founders' Day Banquet was held on April 18.

"We have now thirty men living and eating at the house, including nine pledges, and several more are expected by May 1.

"Bill Faris, '33, stops here about every two weeks while on his business jaunts through central Illinois.

"M. E. Dunlap, '14, spent the week-end of April 10 in Champaign.

"Now is the time to think about rushing, and cards have been issued by the Inter-Fraternity Council. A supply has been sent to Fritz, who will distribute them among the alumni chapters. We don't expect any alumnus to spend a lot of time looking for rushees, but we would like to have you keep your ears open. It sounds a bit far-fetched that an Alpha Rho Chi should let his Boss's son come to Illinois and enroll in architecture and never hear about this fraternity—but it has happened four times within the past four years. Don't let it happen again.

"Jobs for those who want them, and can fill them. Architects in Chicago are looking high and low (not too low) for draftsmen. If you are interested write to the scribe of the Chicago Alumni Chapter—W. H. Koenig, c/o Sproul & Koenig, Inc., Gen. Contractors, Builders Bldg., Chicago, Illinois.

"The TVA in Knoxville and Norris, Tennessee, will soon be in the market for an experienced architectural designer and also a good specification writer. Write to Harry B. Tour, '21, at Norris, Tennessee, for particulars.

"Indianapolis Alumni are organized and are holding monthly meetings and luncheons every two weeks. Russ Burkle is A.S. and Bill King is A.A. About fifteen men attend the meetings.

"Emory Searcy, '28, has installed Heir-conditioning for a boy who arrived some time in March. He is also chairman of the U. of I. Foundation Fund Drive in Indianapolis. Bill King, w'36, is secretary of this same drive.

"Russ Burkle, w'35, keeps the roads hot between Indianapolis and Champaign in rendezvous with his Peoriaite.

"Bill Martin, w'37, will be married in Chicago on June 5.

"Donald Jordan, '35, has found himself a new gal who is working right in the same office of the American Bridge Co. with him. Hope he don't get his angels and angles confused. He seems to have something this time.

"Francis J. Plym, HON. is president of the Swedish-American Tercentenary Ass'n. which will hold a celebration next year.

"Kenneth Jacobson, '27, now at 821 Flower Ave., Tacoma Park, Maryland.

"At the Thirteenth Annual Honors Day in April 30 Robert Hasting, '37, and Donn Honn, '40, received class honors. Two pledges, Don Grieb, '40, and Frank Klien, '40, also received class honors.

"The annual arch. banquet was held in the Woman's Bldg., on May 4. After-dinner speakers were dispensed with this year and instead each class was asked to present a skit. Senior architects thought they were playing a good joke on the design instructors when they asked them to compete in a design problem calling for a monumental entrance to a manhole to be situated at the juncture of two parallel alleys to be executed in a monotone of two colors. Prof. Deam placed first. The Alpha Rho Chi Medal was awarded to Robert Little, '37.

"Alpha Rho Chi came through in the 'money' for the second consecutive year on the Ricker prize. Tym Twerdahl, '38, placed second. (Last year Hodgson was first.) Bob Hastings received an honorable mention.

"Fred Schurecht, '37, certainly knows how to pick 'em and from the looks of things last week-end, events will take place after June 14.

"Tym Twerdahl, '38, is on the Illini tennis team."

Chapter Eternal

J. Mathew Desmond, Mnesicles

THE Mnesicles chapter and the Alpha Rho Chi Fraternity mourn the death of J. Mathew Desmond, w'32, St. Paul, Minnesota. Funeral services were held at the Emmanuel Lutheran Church, Goodrich Avenue, St. Paul, on Monday, April 26, 1937.

A Few Excerpts from the April and June Issues of "Andronicus Astonisher"

GRAHAM LATTA, Editor

THE twenty-third annual Founders' Day banquet of Alpha Rho Chi will be celebrated locally at the Royal Palms Hotel Monday evening, April 12, at 7:00 P.M.

Scheduled for this week-end, Saturday, April 3, is the Formal Dinner Dance. La Venta is again the chosen spot, and the special rate to alumni is \$6.50.

When this little news sheet started its spasmodic appearances a few years ago, it had no ambitions toward fame. Now its reputation has grown nation wide, and requests to be put on the mailing list are coming in from alumni chapters and their officers all over the country. (Our advertising rates are about to be increased as a result.) To their inquiries of "how do we do it?" we are a little uncertain ourselves just how it gets done. The fellows who are interested in the fraternity and their brothers send in a dollar a year dues, which pays paper and postage, the editor tries to keep an ear to the ground for news, and the City of Glendale does the mimeographing without being particularly aware of the fact.

The alumni employment bureau is swamped, according to its manager, Ed Hoedinghaus. He has more jobs listed than men to fill them. Ed is also swamped personally with congratulations since his pin is being worn by Jo May Lawshe, president of Tri Delt on the campus this year.

Carl McElvy and Boyd Wilson are the latest lot buyers to report, Mac in North Hollywood, Rosy toward the Beach.

Lyle Wheeler rates screen credit for the very interesting sets in "Garden of Allah."

The chapter had a very successful field trip to Laguna Beach; one of the seniors acquiting himself so convincingly on the lecture platform that a local architect hired him on the spot.

The employment service, after placing a dozen or so fellows, is put into temporary inactivity by the fact that Ed Hoedinghaus is leaving the University to accept a position as Executive Secretary of the American Institute of Banking. Hoedinghaus has just returned from a jaunt to Ensenada and reports seeing Bud Morehead, who is again located in the New Spreckles Theatre Building in San Diego after his return from Texas and the North.

Eddie Abrams has been in town from Ventura a time or two recently; Johnny Cooke, world citizen, most recently of Palm Springs, has returned to Los Angeles, and Karl Erickson has also gravitated to the big city. Mrs. Erickson will follow a little later with some more news for *The Astonisher*.

Chris Choate and Curtis Chambers are the last brothers to report moving into their own homes, while Les MacBride has sold his, and plans to build another soon.

Jay Ingles and Miss Mickey Sharp were married last April 28, and on a trip to Yosemite and Carmel, saw Tom Shive and Larry and Nannette Gentry who sent hellos to all. Jay (or was it really Mickey?) was elected Alumni Scribe at the Founders Day Banquet. It is also reported, but not confirmed, that Ivo Clarich was married this Spring.

Bill Spear has been transferred by Shell Oil to Bakersfield where he may be reached c/o Shell, Box 999. George Robinson has left oil for movies, and is with an outfit making advertising shorts.

Two pledge candidates not previously announced: Douglas Ian

McCall, born February 12, and Culver Edwin Heaton II, born April 1. The Heaton's also have a new address, 2218 Merton Avenue, Eagle Rock.

Concludes Eight and One-Half Years' Service

Efflo E. Eggert, Demetrios, '23, assumed managing editorship of the ARCH of Alpha Rho Chi in January, 1929. During the last eight and half years he has served in this national office, publishing four issues of Volume 10 and the ensuing volumes through No. 18.

Eggert was born at Mansfield, Ohio, Feb. 28, 1901, being graduated from Mansfield High School in 1919. Entering Ohio State University the following fall, he was graduated with a degree of Bachelor of Architectural Engineering, in 1923. At the University, he was a member of Pi Delta Epsilon (honorary journalistic) and business manager of The Ohio State Engineer in 1922.

Since graduation he has been located in Columbus, Ohio, generally working in architectural offices as a superintendent or clerk of the works. He is a registered architect in the State of Ohio, and a member of the American Institute of Architects.

We Enjoyed Serving Our Fraternity

DURING the last eight and one-half years we have enjoyed editing the fraternity magazine. Through this office we have met personally many members of the national fraternity and many others through correspondence. Through the national Fraternity Editor Association we have met many editors and national officers of the Greek-letter Fraternity World.

Any discussion of the ARCH publication should include the name of Horace W. Tousley, Mnesicles, a past Editor who in the early volumes established the first definite program of publication, set up records, inaugurated life subscriptions, and placed the magazine on a sound financial basis. All these tasks have naturally lightened the burden of editors who followed Tousley. We were no exception. The old adage, "You get out anything only that which you put it," still holds for a national fraternity office. We recommend that some of the younger boys help serve Alpha Rho Chi in the capacity of a national officer.
