FINANCIAL UPDATE

All of our Actives are currently in good standing concerning dues. Satyros utilizes a payment installment plan where semester dues can be paid in full or in 3 installments due at the beginning of each month, most actives pay in full at the beginning of the semester.

MEETINGS

Chapter Meetings are held every Sunday evening at the College of Design.

RUSH UPDATE

Some examples of our typical Rush events are ice-skating, bowling, and potluck/movie night. We try to add new events to rush every semester to keep it current and fun. This semester we successfully kicked off rush by giving out pizza after studio one night. One of our most successful events is an event where we carpool to a monthly art festival in downtown Phoenix. Next semester we are looking to add a greater variety of social and professional events to rush.

INITIATIONS

Satyros initiations generally occur in directly after final exams. Initiations last three days. We've had two initiations since the last convention and have welcomed seven new Brothers this past year. We are looking forward to holding another initiation at the end of this semester.

PROGRAMS

Satyros is looking to put on many events during the rest of the spring and in the beginning of fall. We have planned a firm tour and site visit for April that will be open to the College of design. We also have many annual events with our Alumni scheduled including a Founders Day picnic, a mentor pool tournament, and White Rose.

We are looking to add more events to fall including a dinner with students and faculty that may take place at the dean's house. We are also looking to become more involved in the college's lecture series committee. Finally we hope to continue to host at least one firm or site tour a semester that is open to the college.

CHAPTER OBJECTIVES & GOALS

- Increased presence in the College of Design amongst students and faculty
- Continued membership growth and retention
- A greater variety of events both for the college and for brothers
- Improved connections with alumni mentors
