December 2, 2016

Dear Brothers,

Please join me in wishing a full and speedy recovery to Brother Shannon Riley of the Senenmut Chapter. Brother Riley was badly injured on Thursday evening, December 1, 2016, when she was stabbed multiple times during a robbery on campus at the University of Buffalo. This attack was one of many recent attacks on the South Campus area of the university.

I had the pleasure of a Facebook chat with Brother Riley tonight. She is recovering well, and her family and friends have been by her side. She is in good spirits, and appreciates that her APX brothers have been in touch and expressed their support for her.

As the father of two college students, I am always concerned about their safety when they are out of my sight. As the WGA for 900+ college students, many of whom spend late nights in studio and walk home alone in the dark, on little sleep, I want to remind you to be alert, aware, and cautious. Take advantage of campus escort services, security, and other safety options. Arriving home safely is worth a little inconvenience.

Fidelitas, Amor et Artes,

Phil Buckberg
Worthy Grand Architect
