June 10, 2021

Dear Brothers,

Effective immediately, the Grand Council lifts the moratorium on officer and appointee fraternity-related travel and in-person gatherings.

A lot has changed since the original order went into effect in August 2020, and the moratorium is no longer needed to protect the health of our members and their families:

- Most states have allowed for the full or partial reopening of most businesses and other public events.
- With COVID vaccines readily available and with guidance from the CDC, Grand Council members and appointees can make informed decisions about their own health and safety.

As the Grand Council plans for the 2021-2022 academic year, we will revisit the other issues covered by the August and December 2020 announcements. As always, we will prioritize the health and safety of our members, and proceed with an appropriate amount of caution as we look to resume normal operations at all levels of the fraternity.

Fraternally,

Phil Buckberg
Worthy Grand Architect
