Fellowships in Institute Honor Alpha Rho Chi's Black, Yost

Two more members of Alpha Rho Chi have been made Fellows of the American Institute of Architects in recognition of their professional attainments. Kenneth C. Black of Lansing, Michigan, and L. Morgan Yost of Kenilworth, Illinois, were inducted into Fellowship at the 84th Convention in New York last June.

Organization Leader

Black, cited "for service to the Institute", has worked for the profession on many official assignments since 1938, when he was President of the Michigan Society of Architects. He has been a Director of that Society, of the Michigan Engineering Society, the Detroit Chapter A.I.A., and from 1947 to 1950 was Great Lakes Regional Director of the Institute.

Since 1930 Black has been interested in public planning, as secretary of the Lansing City Plan commission for 8 years and as member of the Michigan Plan-

ning Commission for another 8, part of that time as chairman of its housing section.

He is a member of the American Society of Planning Officials and the National Association of Housing Officials.

Designer and Writer

Yost, President of the Chicago Chapter, A.I.A., was cited "for design". His home designs have been recognized frequently with prizes, including three awards by House & Garden and in 1949 the A.I.A. National Award of Merit in residential design for a house in Highland Park, Illinois. His architectural work has been published in American Homes, Better Homes & Gardens, Ladies' Home Journal, McCall's, and the professional journals. He lectures on architectural subjects and has written on domestic architecture for a number of national publications. He is particularly interested in the history of the modern house in America

and is now working on a book on that subject. In 1949 he was visiting professor of architecture at Illinois.

Yost was educated at Northwestern and Ohio State University, where he was a member of Demetrios Chapter and of Tau Sigma Delta. He is married and has four children.

State Projects by Black

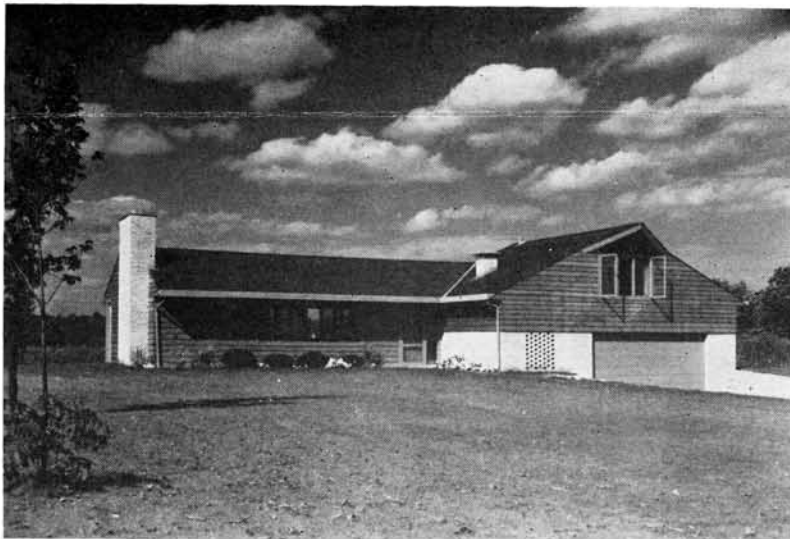

Black has practised in Lansing with Lee Black, his father, since 1930. From earlier residential and church buildings, their work has turned largely to public and commercial projects, including the City Hall and County Building at Lansing and the School of Business Administration for University of Michigan at Ann Arbor.

Current work at a Detroit branch office includes a Tuberculosis Sanatorium for the State, a Women's Swimming Pool Building for the University, and rehabilitation of the University Hospital at Ann Arbor.

Booth Fellow

On graduation from University of Michigan in 1925, Ken won the Booth Fellowship and studied in Europe, then worked four years in James Gamble Roger's New York office. He was married in 1929 to Marie MacKenzie of New York and they have a son Duncan, now 13 years old.

As a student at Michigan, Ken was W.A. of Iktinos Chapter. He is an alumni life member of A.P.X. and a frequent visitor at the Ann Arbor chapter house.

Convention Plans

W.G.A. Dwight Ely has asked Verle Annis, Lester Tanner, Harold Parr, and Robert Calrow to assist the Grand Council in planning the Fraternity's 23rd National Convention. The proposal being considered is for a meeting at Andronicus Chapter, University of Southern California, in Los Angeles, during the 1952 Christmas holiday.

Ralph W. Hammett, Professor of Architecture at Michigan, was honored with the Martin C. Madsen Memorial Key at Founders' Day banquet in Minneapolis, April 18. Above are Sidney Stolte, Chairman of Mnesicles Building Committees, Frank Moorman, Toastmaster, Prof. Hammett, and Robert Calrow, Mnesicles Alumni President.

Also at the presentation were Prof. Roy C. Jones, Head of the School of Architecture at Minnesota, and Leon E. Arnal, Professor Emeritus.
